Promo Banner:
Height: 130px
Width: 1024px
Image is centered horizontally. As browser window width is reduced, image is cropped equally on both left and right sides.

Recommendation for image creators: Since the image is cropped on its sides, it is best to center the main message.

xs

Promotional Banner Concept

The promotional notification is comprised of 5 pieces of data:

**1)** A png. or .jpeg image for use in the carousel. - REQUIRED

2) "Alt" text appropriate for the image/promotion. - REQUIRED

The whole banner (with the exception of the navigational arrows and the "dot" buttons) is a selectable area which displays the modal popup.

Save 10% on Toner With Code
TONER2016

3) Text for the title for the promotion's modal. - REQUIRED

Promotional Code

4) Text for the heading for the promotion's modal. This text should be short and to the point (no more than 1 sentence or statement.) This text is center aligned and wraps as needed. This field should also honor a line break tag (<br>) so the author can intentionally insert a line break. This text is H2 size & style (30px, Bold). - OPTIONAL

Save 10% on Toner With Code
TONER2016

5) Text for the details for the promotion's modal. This text is left-aligned and wraps as needed. This field should also honor a line break tag (<br>) so the author can intentionally insert line breaks. This text is "body" size & style (18px, Regular). - REQUIRED

Offer valid from March 8, 2016 through March 16, 2016, online only at thiswebsiteurl.com. Select items only are discounted up to 10% OFF the regular selling price. To see the full discount details, please add the item to your cart. thiswebsiteurl.com reserves the right to remove, add or change items on this promotion without prior notice. Cannot be used with other offers, discounts or promo codes. Cannot be applied to past purchases. Other restrictions may apply.

User ID and Account Access

Cart Badge:
This number represents the total number of items contained in the cart, including all locations as a single total. For example, if location 1 contains 4 items and location 2 contains 2 items, the total number of items shown in the badge is 6. This number persists when items are contained in the cart. If the user logs out with items remaining in the cart, the cart will contain those items upon re-entry and the badge will display the number of items.

The badge represents the total number of items in the cart. For example, if the user has a quantity of 4 identical cyan toner cartridges in the cart, the badge will show 4 in addition to any other items in the cart.

A user can add multiple items to the cart simultaneously by increasing the quantity of the item to more that 1 in the 'Add to Cart' popup.

The number will decrease when:
1)   The user removes items from the cart
2)   The user completes the checkout process for 1 or multiple locations

If the Cart is empty, the badge will show a '0' and the background is dark gray.
